

To Whom It May Concern,

I am pleased to offer my strongest recommendation for **Amaris Moore** as she applies for animation and illustration positions. I currently serve as the **Digital Projects Manager for the Henry County Library System** and am also a **former college-level animation instructor at LaGrange College**. In these roles, I have developed a strong understanding of both the professional and academic standards expected of skilled animators.

I have worked closely with Amaris for over a year and have had extensive firsthand experience with her animation and illustration abilities. She consistently demonstrates a high level of technical skill, creativity, and attention to detail in her work. Amaris has a strong grasp of visual storytelling and design principles, and she approaches each project with both enthusiasm and professionalism.

Equally important is Amaris's work ethic and collaborative mindset. She is reliable, self-motivated, and receptive to feedback, using critiques constructively to improve her work. She works well independently but truly excels as part of a team, contributing ideas thoughtfully and supporting the success of group projects. Her positive attitude and problem-solving approach make her a valuable presence in any creative environment.

Based on my experience as both a manager and an animation educator, I am confident that Amaris Moore possesses the skills, dedication, and creative insight necessary to succeed in the animation industry. I recommend her without reservation and believe she would be an asset to any organization seeking a talented and dependable animator.

Please feel free to contact me if additional information would be helpful.

Sincerely,
